SHAKE-UP FOR CALUMETS; NEW TEAM FORMED

E. W. Beddow Will Be New Manager and President; Many Defects Bring About Change

WILL NOT PLAY SUNDAY

As a result of three successive defeats in the Warren District Baseball league the Calumet & Arizona team of the league has been completely reorganized, or rather disfranchised, and a new team placed in the field.

The name of the new team will be the "C. & A. Signals." The shake-up followed a meeting Monday night and last night the details of the new team organization were about completed. The new manager and president will be E. W. Beddow. Oliver Brown will be the secretary and treasurer of the team and A. W. Engelder the captain.

Cups Are Offered. Mr. Beddow has offered a cup to the player who makes the highest batting average for the season and Mr. Brown will give a cup to the player with the highest fielding average.

On account of the shake-up the C. & A. team will not play the scheduled game with the Colts the coming Sunday, the directors having waived that game in order to allow the new organization time to get into shape. The Copper Queens and Colts will play instead.

Regular practice will be held by the new team every Tuesday and Thursday afternoon. The first practice will occur tomorrow afternoon at Warren. Mr. Beddow has not yet decided definitely on his line-up, but it is likely that a few of the players on the old team will be retained, while the line-up of these players will be changed. The following players have been picked for a try-out in the positions named:

Rollin Davenport, catcher; C. R. Brown, pitcher; A. P. Gibson, first base; R. K. Rigdon, second; Rhodes, third and A. W. Engelder, short. The following players will be tried out for the fielding positions: H. H. Fricke, E. F. Irving, L. A. Holle, Alfredo Garcia, J. F. Banker and E. Wheatley.

MATCH POSTPONED.

WOMEN WILL BE SAVED BY A MIRROR SCHEME

GREELY, Colo., June 20.—To prevent women from meeting with accident by alighting backwards, it is proposed to put mirrors on the forward sides of the exits of the street cars here.

It is believed that the irresistible desire to see if their hats are on straight will keep the women's faces the right way.

YALE LOSES GAME TO HARVARD TEAM

For First Time Since 1903 Harvard Wins Commencement Game from Yale

NEW HAVEN, Conn., June 20.—Today for the first time since 1903, Yale lost a commencement game to Harvard. The heavy hitting of Harvard featured the contest.

The first inning was disastrous for Yale. For with two men out, Potter and McLaughlin both hit for home runs. Harvard added two more in the third, one in the fifth and three in the seventh. Yale had several chances to score, especially in the third when there were men on bases with one out, but a double play spoiled the chance.

The score: R. H. E. Harvard 8 12 1 Yale 2 7 5 Sexton and Reeves; Hartwell, Scott and Burdette Carhart.

SAUNDERS WILL NOT WRESTLE THE DEMON

Turns Down Return Match; Grow Leaves City, Leaving Matches in Air

F. H. Saunders, the victor in the wrestling match with Chester Grow, the "Michigan Demon" will not again go on the mat. The big lion says that he took Grow on just to see what he could do with him. Having proved to his satisfaction that Grow is at least not a Demon in the wrestling game, the big fellow will not take advantage of the notoriety given him by taking a fall out of the Michigan man.

"A man assumes a lot of risk when he goes on the mat," said Saunders yesterday. "He is liable to get a broken arm or other injury that might incapacitate him for his profession. Wrestling is not my profession. I took Grow on merely to see what he could do and I will not go on the mat again." Saunders said that he would not give Grow another match. Grow has left the city and gone to Phoenix, where he hopes to get one or two matches, which leaves the proposed match with Ed Huachuca, a son of the "Tombstone" in the air. Grow has not accepted Young Oleon's challenge.

FORT HUACHUCA TO BE MADE LARGER POST

Douglas' Hopes Vanish; Eight Troops to be Accommodated at Old Fort

Douglas' hopes for an army post seem to be shattered by advices from Fort Huachuca, which state that the post will be enlarged to accommodate eight troops, regimental headquarters, the regimental band and a machine gun platoon. The Fourth Cavalry, now on duty at El Paso, will be transferred to Fort Huachuca as soon as the troops are through with border duty and the Sixth Cavalry will go to Des Moines, Iowa, where it was stationed until called to Douglas during the battle of Agua Prieta. A contracting quartermaster has been ordered to Fort Huachuca to supervise the enlargement of the post. Several thousand dollars will be expended on the barracks, quarters, improvements on the water system, etc.

HIGH KEELS BAD AS OPIUM, SAYS JUDGE

Begs of Nurses to Combat Heathenish Fashion of Women Folks

TROY, N. Y., June 20.—High heels are as heathenish as rings in the nose or tattooing, declared Supreme Court Justice Howard to the graduating nurses of Troy hospital.

"Such shoes," said the justice, "are as barbarous, as torturing and as destructive of health as the Chinese wooden shoes. Both breed ungainly and deformed feet. China is proud of one kind of deformed feet, we of the other. Each kind results only in walking monstrosities.

"Will you not advocate normal feet, such feet as God gave? Have you the courage to speak out against this silly fashion—a fashion as destructive as rum, as deadly as opium—or are you to be counted among its devotees?"

"Hospital," continued Justice Howard, "are as necessary for public health as parks. The lying-in ward should no more be the birthplace of the millionaire scion than of the plebeian offspring. The whim of the rich woman is no more entitled to recognition at hospitals than the caprice of the peasant housewife."

PROVE ARTIFICIAL LIFE

BALTIMORE, June 20.—Original research and experimentation by Dr. Warren H. Lewis of Johns Hopkins university and Margaret Reed Lewis have resulted in the advance of science until it is one step nearer that goal of chemists and biologists—the artificial generation of life. By experiments made on embryonic chicks, Dr. Lewis discovered that it is possible to induce the growth of cellular substance—actual living flesh—in saline solutions without the aid of nutritive fluids.

DOWNWARD TREND IN STOCK MARKET

Uncertainty of Crop Conditions and Other Factors Cause Declines

NEW YORK, June 20.—Stocks gave way slowly today and there was a comparatively small amount of selling. The market was very dull. A few stocks such as Great Northern pfd., Canadian Pacific, Denver & Rio Grande, the Erie, International Harvester, Electric and Telephone shares, lost a point or more, while Norfolk & Western and some less active issues exhibited considerable strength.

The present uncertainty as to crop prospects is largely responsible for the position of the market. The Hill stocks were among the weakest of standard railroad issues, but the list exhibited considerable strength, as was indicated by its steadiness in the face of a decline of nearly 4 points late in the day by American Telephone.

There was further active trading on the curb today in the new Panama canal bonds. More than \$3,000,000 of the bonds were sold "when issued" from 102 7/8 to 103 1/8, the price trending towards the lower figure, following the publication of the figures at which awards were made.

SORRY NO AUTO RACE WILL BE HELD HERE

Phoenix Enthusiast Says At Least Six Cars Would Have Entered Event

SURPRISED AT OUR SIZE

W. D. Tremane of Phoenix arrived in the city yesterday afternoon from Nogales, driving his little Pope-Hartford, which was machine No. 1 in the Phoenix-Los Angeles automobile race recently.

Mr. Tremane was accompanied by Mechanician English. They will leave this morning for Douglas, where they will spend the night, and then begin the return trip to Phoenix, going by way of Wilcox and Globe.

Mr. Tremane is a good roads enthusiast as well as an auto enthusiast and the object of his trip is to pick out a good auto road between this end of the territory and the capital city. He is picking out the bad spots in the roads and on his return to Phoenix will take up with automobile men in the towns through which he has passed the matter of placing sign boards along the territorial roads.

"The territory is absolutely without signboards at present," said Mr. Tremane, "and unless the traveler knows the route by heart he is likely to get lost and lose valuable time."

Surprised at Bisbee. Mr. Tremane was agreeably surprised to find a city of the proportions of Bisbee stuck up under the Mule mountains. "I believe that the people of Phoenix are like I was in that respect. They have no idea how much of a city you have here."

The best way I know of to get acquainted with each other is to improve the roads and highways. I had heard that Bisbee was the best mining camp in the southwest, but I had no idea it was as large as I find it to be."

Mr. Tremane was disappointed when he learned that Bisbee would not hold an automobile race here on July 4 as a part of its Fourth of July celebration exercises. "Cars would have been at least six to enter from Phoenix and 200 or 300 people would have come here to see the race," he said.

MONTE CRISTO GREAT FILM AT THE O. K.

The wonderful novel of Alexander Dumas, "Monte Cristo," is depicted in unmatchable form at the popular O. K. theater in the great film of the same name. The scenes are enacted true to life as the great novelist pictured it. The setting is excellent and the costumes are superb throughout. The men and women of this intensely interesting story are pictured in a way that will give the story in telling form to those who have not read it.

"A Country Girl" is another film, a simple sweet story that is one of the best romances ever depicted in Bisbee. "The Calumny" is a story built around the gossip in a little Italian town, in which the women gossip try to get another woman into trouble and fall. An excellent comic is "From the Life of Maschik."

Large crowds continue to attend this popular amusement place. Those who have never seen "Monte Cristo" cannot afford to miss this great film.
